Dear friends and colleagues,

It is with great pleasure that I introduce the new Young Scientist Meeting live, in Perugia on December 10<sup>th</sup> and 11<sup>th</sup>, 2021.

The venue has a double meaning, one scientific and the other spiritual: the scientific meaning is linked to the organization by the friends of Perugia, led by our Vice-President Prof. Luigina Romani, the second is the rebirth in the sense of renaissance of our intellectual and scientific activities live, and given the setting as a seat of fraternal solidarity and peace for all.

Registration is free.
